

Youth Leadership Parliament

علم کے سائے میں بلندی کی جانب

21st-23rd February 2020
LUMS, Lahore

Official Invite

To the Principal/Vice Chancellor,

The LUMS Model UN Society (LUMUN) would like to graciously invite your institution to participate in the Youth Leadership Parliament 2020, to be held from the 21st to the 23rd of February 2020, at the Lahore University of Management Sciences. The bilingual conference shall be hosted by the LUMUN Society, which is one of the largest Model United Nations Societies in South Asia.

In the over seventy years of its existence, Pakistan has remained mired in a plethora of international and domestic issues. These issues range from perpetual economic underdevelopment, social inequality, illiteracy and oppression of women. It is with the belief that debate, and diplomacy are vital in bringing about changes in Pakistan's political arena that LUMUN will be hosting the fifth edition of the Youth Leadership Parliament. By providing a platform to its participants to discuss, deliberate and analyses the challenges that the country faces, it hopes to imbibe these individuals with the knowledge and will to adopt a rational and systematic approach towards resolving these issues.

The theme for Youth Leadership Parliament 2020 is علم کے سائے میں بلندی کی جانب (Ilm kai Saye Mein Bulandi ki Janib). This theme emphasizes the need to develop nuanced conceptions and to grow in knowledge of not only the ills plaguing Pakistan, but also the remedies to those ills. In light of our broader vision, we will be simulating the following four committees at Youth Leadership Parliament 2020: Standing Committee on Foreign Affairs, the National Commission on the Status of Women, Standing Committee on the Regulation of National Health Services, and the Standing Committee on Climate Change.

LUMUN has undertaken a responsibility to do its part in ensuring that we drive ambition and inculcate responsibility. The conference will be imparting skills of leadership, diplomacy and tolerance through shared debate and discussion. We hope that the learning environment, a key focus of this year's event, will foster a deep interest in national affairs and a greater civic attachment.

Please find attached the "Registration Details" and the "Code of Conduct". Any queries should be addressed to ylp.lumun.register@gmail.com or to any of the directors of Outreach department.
